

Blackstone Lake Fire Response

In Case of a Cottage Fire

1. Call 911 and provide your lake address and details of the fire location
2. 911 service will dispatch the Seguin Fire boat to launch at Anglers Inn and simultaneously text a message to all Blackstone Lake fire responders
3. If you have a fire pump engage it to suppress the spread of the fire until help arrives. Do not enter the building.
4. Send someone to your dock to waive a towel or flashlight to ensure it is easy to find your dock quickly
5. Available fire responders with pumps will arrive to provide help to suppress the spread of the fire until Seguin Fire arrives.
6. Assign someone to meet Seguin Fire Response at Anglers Inn to ensure they can find the site of the fire quickly
7. Locations and contact numbers for fire responders are below with a map on the back of this document

Blackstone Lake Fire Responders - with pumps on site
